

How to keep your PO box number and forward your mail!

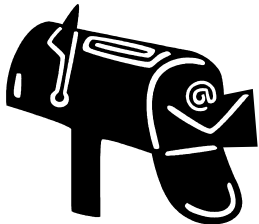

Dear Study Abroad Student,

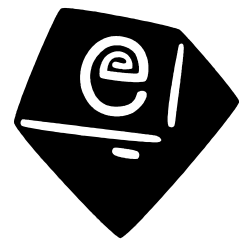

Because of the renovations to the post office we are now able to hold your PO Box. This allows you to have the same box number upon your return.

In order to make this happen, you must give the post office a change of address (in U.S.) during the time you will be gone. You must complete a change of address form at the Emory University post office. You will need to provide both an effective date to begin forwarding your mail and a date when you expect to resume picking up your mail at the post office.

If you have any questions concerning what can and cannot be forwarded please call the post office at 727-6172. You may contact Audre Joseph with any questions.
